

The health and safety of our dancers, families, audience, and community are very important to all of us at Ballet Theatre of Toledo. To do our part to protect everyone in this unprecedented time, we are postponing our production of *Meema the Lemur Becomes a Ballerina* and will reschedule our performances. The show must go on – and it **will** at a future date, for our dancers have worked very hard and these difficult days remind us of how much joy and meaning the Arts give us.

We will update you on the new performance schedule. If you have tickets, please be assured that they will be honored at those future dates. For those unable to attend, we will process refunds or extend a heartfelt thanks for any who choose to convert their ticket refund to a donation.

We appreciate your support of Ballet Theatre of Toledo and thank you for your patience. Our thoughts are with each of you! Please stay well!
